My goal...

- to provide you with pictures of your child you'll always love to look at!
- to provide your child with a fun and memorable experience!
- to provide excellent customer service and high quality!
- to provide these items for a very reasonable price!

Why Tony?

local, fun, customer focused, high quality, guaranteed!

Here's my mindset for senior pictures: Provide you with the best pictures and customer service in the area for a very reasonable price. That's it! For Kenston, Chagrin, Solon, Aurora, West G, I'm yearbook approved for your convenience. "I am" my company. I live locally. Your satisfaction and recommendation to others are incredibly important to me so I strive to take excellent care of you!

When you're with me, your time is your time! This means NO limitations on you regarding outfits, jewelry or hair during the time frame you pay for. Change as many times as you wish because this is your photo shoot and I want you to enjoy it.

Lastly, I don't feel it's right to surprise you with unexpected expenses so my packages already include standard retouching that other studio charge extra for (includes skin softening, minor blemish removal, minor "fly-away hair" repair, eye enhancements and teeth whitening!) A la cart orders do, too!

Lindsey's senior session was a wonderful experience that Lindsey will remember for a long time. She was so nervous the night before but then you really put her at ease and she had a lot of fun today! Anne N.

Thanks again for the wonderful experience! I truly had a blast. Not many of my friends who went to other studios can come away from their experience saying the same thing. Haleigh S.

Palmieri's Photography was my top choice for my senior pictures for so many reasons. Tony was great to work with and I had such a fun time trying different poses. The locations we went to were exactly as I had hoped and my pictures turned out absolutely beautiful! Thanks for the amazing experience... I highly recommend Palmieri's for your senior pictures! Kelsey K.

Let's Create Some Awesome Pics!

2023 printed senior pictures will be professionally retouched to include teeth whitening, minor blemish removal, minor hair "fly-away" removal and artistic enhancements. Items such as major "fly-aways", more than minor blemish removal and other alterations/edits will be quoted as requested.

business practices

proofing - you will receive a private, password protected online proofing gallery so you, your relatives and friends to view your images at your leisure. Please make sure you advise me of your yearbook image selection at least 30 days before it is due.

deposit - I kindly request a nonrefundable booking deposit of \$50 to secure a session. At your session, I kindly request an additional amount to total \$300 to cover travel, setup, session time and proof gallery. All payments will be applied to your final balance. If your total purchase is less than \$300, then the balance is requested.

add on/order change - There aren't any additional fees for order changes or add-ons (except for additional edits) made prior to an order being submitted other than the expense to create new images since previous work may have already been completed.

order delivery fee - If you'd like to pick up, that's cool. If you'd like to save a trip, there is a minimum shipping expense of \$10/shipment.

portrait retakes - If I mess up and a portion of your images are unsatisfactory regarding lighting, I will gladly rephotograph that portion of your session portion at n/c. That's only fair. However, if you are dissatisfied with how your clothing, hair, jewelry, smile, tan skin, tan lines or location selections look in your images (or other issues within your control), I'll kindly offer an additional session at 25% off if you'd like.

satisfaction guarantee - I offer you a 10 day window from the date your proofing gallery email is sent to contact me regarding your dissatisfaction with the results of my performance. I also offer a 10 day window regarding printed product issues. If you're unhappy with something, I'll happily work with you to fix it. I'm very willing to help so please tell me.
